## INTRODUCTION

On the 113 rolls of this microfilm publication are reproduced the records of Case VI, *United States of America v. Carl Krauch et al.* (I. G. Farben Case), 1 of the 12 trials of war criminals conducted by the U.S. Government from 1946 to 1949 at Nuernberg subsequent to the International Military Tribunal (IMT) held in the same city. These records consist of German- and English-language versions of official transcripts of court proceedings, prosecution and defense briefs and statements, and defendants' final pleas as well as prosecution and defense exhibits and document books in one language or the other. Also included are minute books, the official court file, order and judgment books, clemency petitions, and finding aids to the documents.

The transcripts of this trial, assembled in 2 sets of 43 bound volumes (1 set in German and 1 in English), are the recorded daily trial proceedings. Prosecution statements and briefs are also in both languages but unbound, as are the final pleas of the defendants delivered by counsel or defendants and submitted by the attorneys to the court. Unbound prosecution exhibits, numbered 1-2270 and 2300-2354, are essentially those documents from various Nuernberg record series, particularly the NI (Nuernberg Industrialist) Series, and other sources offered in evidence by the prosecution in this case. Defense exhibits, also unbound, are predominantly affidavits by various persons. They are arranged by name of defendant and thereunder numerically, along with two groups of exhibits submitted in the general interest of all defendants. Both prosecution and defense document books consist of full or partial translations of exhibits into English. Loosely bound in folders, they provide an indication of the order in which the exhibits were presented before the tribunal.

Minute books, in two bound volumes, summarize the transcripts. The official court file, in nine bound volumes, includes the progress docket, the indictment, and amended indictment and the service thereof; applications for and appointments of defense counsel and defense witnesses and prosecution comments thereto; defendants' application for documents; motions and reports; uniform rules of procedures; and appendixes. The order and judgment books, in two bound volumes, represent the signed orders, judgments, and opinions of the tribunal as well as sentences and commitment papers. Defendants' clemency petitions, in three bound volumes, were directed to the military governor, the Judge Advocate General, and the U.S. District Court for the District of Columbia. The finding aids summarize transcripts, exhibits, and the official court file.

Case VI was heard by U.S. Military Tribunal VI from August 14, 1947, to July 30, 1948. Along with records of other Nuernberg

and Far East war crimes trials, the records of this case are part of the National Archives Collection of World War II War Crimes Records, Record Group 238.

The I. G. Farben Case was 1 of 12 separate proceedings held before several U.S. Military Tribunals at Nuernberg in the U.S. Zone of Occupation in Germany against officials or citizens of the Third Reich, as follows:

Authority for the proceedings of the IMT against the major Nazi war criminals derived from the Declaration on German Atrocities (Moscow Declaration) released November 1, 1943; Executive Order 9547 of May 2, 1945; the London Agreement of August 8, 1945; the Berlin Protocol of October 6, 1945; and the IMT Charter.

Authority for the 12 subsequent cases stemmed mainly from Control Council Law 10 of December 20, 1945, and was reinforced by Executive Order 9679 of January 16, 1946; U.S. Military Government Ordinances 7 and 11 of October 18, 1946, and February 17, 1947, respectively; and U.S. Forces, European Theater General Order 301 of October 24, 1946. Procedures applied by U.S. Military Tribunals in the subsequent proceedings were patterned after those of the IMT and further developed in the 12 cases, which required over 1,200 days of court sessions and generated more than 730,000 transcript pages.

Formation of the I. G. Farben Combine was a stage in the evolution of the German chemical industry, which for many years led the world in the development, production, and marketing of organic dyestuffs, pharmaceuticals, and synthetic chemicals. To control the excesses of competition, six of the largest chemical firms, including the Badische Anilin & Soda Fabrik, combined to form the Interessengemeinschaft (Combine of Interests, or Trust) of the German Dyestuffs Industry in 1904 and agreed to pool technological and financial resources and markets. The two remaining chemical firms of note entered the combine in 1916. In 1925 the Badische Anilin & Soda Fabrik, largest of the firms and already the majority shareholder in two of the other seven companies, led in reorganizing the industry to meet the changed circumstances of competition in the post-World War markets by changing its name to the I. G. Farbenindustrie Aktiengesellschaft, moving its home office from Ludwigshafen to Frankfurt, and merging with the remaining five firms.

Farben maintained its influence over both the domestic and foreign markets for chemical products. In the first instance the German explosives industry, dependent on Farben for synthetically produced nitrates, soon became subsidiaries of Farben. Of particular interest to the prosecution in this case were the various agreements Farben made with American companies for the exchange of information and patents and the licensing of chemical discoveries for foreign production. Among the trading companies organized to facilitate these agreements was the General Anilin and Film Corp., which specialized in photographic processes. The prosecution charged that Farben used these connections to retard the "Arsenal of Democracy" by passing on information received to the German Government and providing nothing in return, contrary to the spirit and letter of the agreements.

Farben was governed by an Aufsichtsrat (Supervisory Board of Directors) and a Vorstand (Managing Board of Directors). The Aufsichtsrat, responsible for the general direction of the firm, was chaired by defendant Krauch from 1940. The Vorstand actually controlled the day-to-day business and operations of Farben. Defendant Schmitz became chairman of the Vorstand in 1935, and 18 of the other 22 original defendants were members of the Vorstand and its component committees.

Transcripts of the I. G. Farben Case include the indictment of the following 24 persons:

Otto Ambros: Member of the Vorstand of Farben; Chief of Chemical Warfare Committee of the Ministry of Armaments and War Production; production chief for Buna and poison gas; manager of Auschwitz, Schkopau, Ludwigshafen, Oppau, Gendorf, Dyhernfurth, and Falkenhagen plants; and Wehrwirtschaftsfuehrer.

Georg von Schnitzler: Member of the Central Committee of the Vorstand of Farben, Chief of the Commercial Committee of the Vorstand that planned and directed Farben's domestic and foreign sales and commercial activities, Wehrwirtschaftsfuehrer (Military Economy Leader), and Hauptsturmfuehrer (Captain) in the Sturmabteilungen (SA) of the Nazi Party (NSDAP).

Carl Wurster: Member of the Vorstand of Farben; Chief of the Works Combine, Upper Rhine; Plant Leader at Ludwigs-hafen and Oppau plants; production chief for inorganic chemicals; and Wehrwirtschaftsfuehrer.

The prosecution charged these 24 individual staff members of the firm with various crimes, including the planning of aggressive war through an alliance with the Nazi Party and synchronization of Farben's activities with the military planning of the German High Command by participation in the preparation of the 4-Year Plan, directing German economic mobilization for war, and aiding in equipping the Nazi military machines.<sup>1</sup> The defendants also were charged with carrying out espionage and intelligence activities in foreign countries and profiting from these activities. They participated in plunder and spoliation of Austria, Czechoslovakia, Poland, Norway, France, and the Soviet Union as part of a systematic economic exploitation of these countries. The prosecution also charged mass murder and the enslavement of many thousands of persons particularly in Farben plants at the Auschwitz and Monowitz concentration camps and the use of poison gas manufactured by the firm in the extermination

<sup>1</sup>The trial of defendant Brueggemann was discontinued early during the proceedings because he was unable to stand trial on account of ill health.

of millions of men, women, and children. Medical experiments were conducted by Farben on enslaved persons without their consent to test the effects of deadly gases, vaccines, and related products. The defendants were charged, furthermore, with a common plan and conspiracy to commit crimes against the peace, war crimes, and crimes against humanity. Three defendants were accused of membership in a criminal organization, the SS. All of these charges were set forth in an indictment consisting of five counts.

The defense objected to the charges by claiming that regulations were so stringent and far reaching in Nazi Germany that private individuals had to cooperate or face punishment, including death. The defense claimed further that many of the individual documents produced by the prosecution were originally intended as "window dressing" or "howling with the wolves" in order to avoid such punishment.

The tribunal agreed with the defense in its judgment that none of the defendants were guilty of Count I, planning, preparation, initiation, and waging wars of aggression; or Count V, common plans and conspiracy to commit crimes against the peace and humanity and war crimes.

The tribunal also dismissed particulars of Count II concerning plunder and exploitation against Austria and Czechoslovakia. Eight defendants (Schmitz, von Schnitzler, ter Meer, Buergin, Haefliger, Ilgner, Oster, and Kugler) were found guilty on the remainder of Count II, while 15 were acquitted. On Count III (slavery and mass murder), Ambros, Buetefisch, Duerrfeld, Krauch, and ter Meer were judged guilty. Schneider, Buetefisch, and von der Heyde also were charged with Count IV, membership in a criminal organization, but were acquitted.

The tribunal acquitted Gajewski, Gattineau, von der Heyde, Hoerlein, von Knieriem, Kuehne, Lautenschlaeger, Mann, Schneider, and Wurster. The remaining 13 defendants were given prison terms as follows:

<u>Name</u>	<u>Length of Prison Term (years)</u>
Ambros	8
Buergin	2
Buetefisch	6
Duerrfeld	8
Haefliger	2
Ilgner	3
Jaehne	1 1/2
Krauch	6
Kugler	1 1/2
Oster	2
Schmitz	4
von Schnitzler	5
ter Meer	7

All defendants were credited with time already spent in custody.

In addition to the indictments, judgments, and sentences, the transcripts also contain the arraignment and plea of each defendant (all pleaded not guilty) and opening statements of both defense and prosecution.

The English-language transcript volumes are arranged numerically, 1-43, and the pagination is continuous, 1-15834 (page 4710 is followed by pages 4710(1)-4710(285)). The German-language transcript volumes are numbered 1a-43a and paginated 1-16224 (14a and 15a are in one volume). The letters at the top of each page indicate morning, afternoon, or evening sessions. The letter "C" designates commission hearings (to save court time and to avoid assembling hundreds of witnesses at Nuernberg, in most of the cases one or more commissions took testimony and received documentary evidence for consideration by the tribunals). Two commission hearings are included in the transcripts: that for February 7, 1948, is on pages 6957-6979 of volume 20 in the English-language transcript, while that for May 7, 1948, is on pages 14775a-14776 of volume 40a in the German-language transcript. In addition, the prosecution made one motion of its own and, with the defense, six joint motions to correct the English-language transcripts. Lists of the types of errors, their location, and the prescribed corrections are in several volumes of the transcripts as follows:

- First Motion of the Prosecution, volume 1
- First Joint Motion, volume 3
- Second Joint Motion, volume 14
- Third Joint Motion, volume 24
- Fourth Joint Motion, volume 29
- Fifth Joint Motion, volume 34
- Sixth Joint Motion, volume 40

The prosecution offered 2,325 prosecution exhibits numbered 1-2270 and 2300-2354. Missing numbers were not assigned due to the difficulties of introducing exhibits before the commission and the tribunal simultaneously. Exhibits 1835-1838 were loaned to an agency of the Department of Justice for use in a separate matter, and apparently No. 1835 was never returned. Exhibits drew on a variety of sources, such as reports and directives as well as affidavits and interrogations of various individuals. Maps and photographs depicting events and places mentioned in the exhibits are among the prosecution resources, as are publications, correspondence, and many other types of records.

The first item in the arrangement of prosecution exhibits is usually a certificate giving the document number, a short description of the exhibits, and a statement on the location of the original document or copy of the exhibit. The certificate is followed by the actual prosecution exhibit (most are photostats,

## NATIONAL ARCHIVES MICROFILM PUBLICATIONS

but a few are mimeographed articles with an occasional carbon of the original). The few original documents are often affidavits of witnesses or defendants, but also ledgers and correspondence, such as:

<u>Exhibit No.</u>	<u>Doc. No.</u>	<u>Exhibit No.</u>	<u>Doc. No.</u>
322	NI 5140	1558	NI 11411
918	NI 6647	1691	NI 12511
1294	NI 14434	1833	NI 12789
1422	NI 11086	1886	NI 14228
1480	NI 11092	2313	NI 13566
1811	NI 11144		

In rare cases an exhibit is followed by a translation; in others there is no certificate. Several of the exhibits are of poor legibility and a few pages are illegible.

Other than affidavits, the defense exhibits consist of newspaper clippings, reports, personnel records, Reichgesetzblatt excerpts, photographs, and other items. The 4,257 exhibits for the 23 defendants are arranged by name of defendant and thereunder by exhibit number. Individual exhibits are preceded by a certificate wherever available. Two sets of exhibits for all the defendants are included.

Translations in each of the prosecution document books are preceded by an index listing document numbers, biased descriptions, and page numbers of each translation. These indexes often indicate the order in which the prosecution exhibits were presented in court. Defense document books are similarly arranged. Each book is preceded by an index giving document number, description, and page number for every exhibit. Corresponding exhibit numbers generally are not provided. There are several unindexed supplements to numbered document books. Defense statements, briefs, pleas, and prosecution briefs are arranged alphabetically by defendant's surname. Pagination is consecutive, yet there are many pages where an "a" or "b" is added to the numeral.

At the beginning of roll 1 key documents are filmed from which Tribunal VI derived its jurisdiction: the Moscow Declaration, U.S. Executive Orders 9547 and 9679, the London Agreement, the Berlin Protocol, the IMT Charter, Control Council Law 10, U.S. Military Government Ordinances 7 and 11, and U.S. Forces, European Theater General Order 301. Following these documents of authorization is a list of the names and functions of members of the tribunal and counsels. These are followed by the transcript covers giving such information as name and number of case, volume numbers, language, page numbers, and inclusive dates. They are followed by the minute book, consisting of summaries of the daily proceedings, thus providing an additional finding aid for the transcripts. Exhibits are listed in an index that notes the

type, number, and name of exhibit; corresponding document book, number, and page; a short description of the exhibit; and the date when it was offered in court. The official court file is summarized by the progress docket, which is preceded by a list of witnesses.

Not filmed were records duplicated elsewhere in this microfilm publication, such as prosecution and defense document books in the German language that are largely duplications of the English-language document books.

The records of the I. G. Farben Case are closely related to other microfilmed records in Record Group 238, specifically prosecution exhibits submitted to the IMT, T988; NI (Nuernberg Industrialist) Series, T301; NM (Nuernberg Miscellaneous) Series, M-936; NOKW (Nuernberg Armed Forces High Command) Series, T1119; NG (Nuernberg Government) Series, T1139; NP (Nuernberg Propaganda) Series, M942; WA (undetermined) Series, M946; and records of the Brandt case, M887; the Milch Case, M888; the Altstoetter case, M889; the Pohl Case, M890; the Flick Case, M891; the List case, M893; the Greifelt case, M894; and the Ohlendorf case, M895. In addition, the record of the IMT at Nuernberg has been published in the 42-volume *Trial of the Major War Criminals Before the International Military Tribunal* (Nuernberg, 1947). Excerpts from the subsequent proceedings have been published in 15 volumes as *Trials of War Criminals Before the Nuernberg Military Tribunal Under Control Council Law No. 10* (Washington). The Audiovisual Archives Division of the National Archives and Records Service has custody of motion pictures and photographs of all 13 trials and sound recordings of the IMT proceedings.

Martin K. Williams arranged the records and, in collaboration with John Mendelsohn, wrote this introduction.

MOTION CONCERNING CERTAIN OUTSTANDING MATTERS AND ANSWER TO  
THREE MOTIONS ON BEHALF OF THE DEFENDANT VON SCHNITZLER

To: The Secretary General (Military Tribunals) Room 281

1. This motion and answer is concerned with a number of related matters which have arisen since the last day of the hearing proper, Tuesday, 11 May 1948:

(a) Some matters arising in connection with the discussion of the parties with all the members of the Tribunal "in chambers" on Monday, 24 May 1948, with Drs. Siemers, von Keller and Mueller representing the defendant von SCHNITZLER and the defense,

(b) Three long motions by Dr. Siemers on behalf of the defendant von SCHNITZLER, dated 28 and 29 May, of which the prosecution received German copies only today (Monday, 31 May 1948).

2. The "in chambers" discussion of 24 May 1948, centered upon any out-standing issues concerning the presentation of evidence by both sides on the circumstances of the investigations in 1945 and the circumstances surrounding the conduct of certain leaders of Farben in Kramsberg prison concerning statements which the defendant von SCHNITZLER had given to the occupational authorities. Dr. Siemers stated that he was basing his plan to present the testimony of two or three witnesses and some documents upon two grounds: (1) that the Tribunal, in effect, had reversed its ruling of 2 September 1947, that an alleged "pressure" surrounding the investigations of 1945 was related to any claim of influence upon the interrogations and affidavits of the year 1947; (2) that the so-called "Wolffsohn affidavit", FE 2236, has opened up the door to the investigations in 1945 as well as the events in Kramsberg prison by Farben leaders in 1946. Thereupon the Tribunal

stated that it saw no good reason for reconsidering its ruling of 2 September 1947, but that parts of the Wolffsohn affidavit, PE 2236, did refer back to the period 1945 and 1946 and hence might present matters for the defense to answer. The prosecution thereupon offered to withdraw this affidavit, provided the evidence concerning related evidence in 1945 and 1946 taken after the offer of this affidavit would be considered as stricken by the Tribunal, including particularly the cross examination of Mr. Wolffsohn by Dr. Siemers and the examination of the defendant HAEFLIGER by Dr. Siemers on these points.

3. After the prosecution made this proposal Dr. Siemers requested: (a) that the Tribunal indicate its refusal to reconsider its ruling of 2 September 1947 on the record; (b) that he be permitted to recall the defendant IIGNER as a witness to the alleged depression of the defendant von SCHNITZLER during his interrogations in Nurnberg in February and March 1947. The Tribunal stated: (a) that if Dr. Siemers filed a motion to reconsider its earlier ruling in writing that the Tribunal would rule upon it adversely for the record; (b) that on 1 June 1948 it would consider the admissibility of an affidavit by the defendant IIGNER which Dr. Siemers could meanwhile obtain and provide to the Tribunal and the prosecution.

4. But Dr. Siemers has gone far afield of the understanding with the Tribunal of 24 May 1948 - and, indeed, he has gone far afield in attempting to reopen collateral inquiries of the remotest character - by the proof offered in his three motions. We cannot pass the opportunity to note our regret that Dr. Siemers, particularly in the last hours of this trial, has <sup>a</sup>gain~~x~~ raised remote collateral issues and has again made allegations reflecting upon the integrity and service of a large number of representatives of the occupation authorities. Even if this were not a remote collateral issue, it must have been obvious that at this late stage the prosecution would have difficulty in collecting evidence from some of the "accused" after such short notice. Most of the persons affected by Dr. Siemers' submissions in early May are for the

most part in the United States. But such an injury is perhaps best reconciled by merely pointing out the time and the circumstances under which these matters are pressed. Certainly this Tribunal made the issues clear to all who wanted to listen in the first days of trial - and there is no excuse for such late and untimely attempts along this line. (Dr. Siemers has also had an able assistant, Dr. von Keller, throughout this case). Dr. Siemers now goes so far as to raise issues not even mentioned as late as the "in chambers" conference of 24 May 1948, when the outside limits of matters expressly left open were again discussed. These new issues even get into interrogations involving another case (Case XI) and where in that case the Tribunal (and the person interrogated, Dr. Gaus) said there was no improper or undue influence in the interrogation.

5. The prosecution respectfully requests that the Tribunal reject:

(a) Dr. Siemers' offer in evidence (by motion dated 29 May) of SCHNITZLER documents 228 (Gaus interrogation, Case XI); 229 (von Thadden interrogation, Case XI); 230 (affidavit of von Hoven concerning investigation in Flick Case).

(b) Dr. Siemers' reoffer of the affidavit of Frau Lilly von SCHNITZLER (SCHNITZLER Doc. No. 27) which is SCHNITZLER exhibit 30, rejected, and the offer of a new affidavit of Frau SCHNITZLER (SCHNITZLER Doc. 227) as SCHNITZLER exhibit 225. The prosecution submits that the testimony of the defendant HAEFLIGER that the defendant von SCHNITZLER was depressed in the year 1945 and the proffered testimony that von SCHNITZLER was "deeply affected" in 1945 by the "Frau von SCHNITZLER arrest" is incredibly remote from *from* ~~the~~ any question in this case.

(c) Dr. Siemers offer of an affidavit of the defendant ILGNER (SCHNITZLER Doc. 226) as SCHNITZLER exhibit 224.

Supposedly this affidavit was to deal solely with von SCHNITZLER's depression or state of mind during his interrogations in Nurnberg, *in Feb. and March 1947 and were to be* based upon the defendant ILGNER's ~~observation and~~ own knowledge

at the time.

6. In connection with the "opinions" put forward through the IIGNER motion, the prosecution is proud to refer to the record to show the untimeliness and the lack of substance in this matter:

(a) In his first interrogation in Nurnberg, von SCHNITZLER said to his interrogator:

"If you will do me a favor that we can go over these points, because I had in the meantime time to think that over and over again, then we can discuss the matters in detail" (von SCHNITZLER Exh. 28, von SCHNITZLER DB 2, p.26).

And when asked if he would now disclose any untruths in his 1945 statements, von SCHNITZLER replied:

"Yes, I will do that. That means I will go over with you, if you give me the possibility, the points in which I was erroneous" (p.27).

This was more than one month before the time when IIGNER (in the now offered affidavit) saw von SCHNITZLER in Nurnberg. IIGNER states <sup>THAT</sup> ~~after~~ his own interrogations "had started on March 26, 1947, I met ... SCHNITZLER in the waiting room .... It was evident from the brief remarks he made on the occasion of this meeting <sup>1)</sup> that, under the impression made on him by the Nurnberg interrogations, von SCHNITZLER had again lapsed into a psychosis of self-incrimination".

(b) This "testimony" (highly opinionated conclusion) thus occurred after von SCHNITZLER had been interrogated quite regularly for over a month during which he had executed most of the 1947 affidavits. And it was also after (our emphasis) von SCHNITZLER had assumed the interrogation procedure to be so free that he asked for interrogations on his own initiative. This is shown by the introduction of FE 1812, an interrogation of 24 March 1947 when IIGNER had not yet seen SCHNITZLER in Nurnberg.

---

1) Prison regulations forbid discussions in the interrogation "waiting room" which is under prison regulations and guard.

466  
⑤

"Q. This is a continuing interrogation. Dr. von Schnitzler has been sworn since the first day. Now, Doctor, Mr. Wolffsohn told me that this morning you said you had something you wanted to bring to my attention. I don't know precisely what you have in mind. As I told you before that is your privilege, so will you tell me in your own way what you have in mind?

A. Yes .... (etc.) (PE 1812).

(c) Apparently the defendant ILGNER entirely bases his sweeping conclusions on his one short meeting (after 26 March) with von SCHNITZLER in the "waiting room", for von SCHNITZLER was away from Nurnberg for almost all of April 1947. This is shown by PE 1813, an interrogation of 2 May 1947, which opens as follows:

"Q. This is a continuing interrogation of Dr. Georg von Schnitzler. Well, Dr. von Schnitzler, you have been away for some weeks.

A. Yes, three and one-half weeks".

On page 2 of this same interrogation, von SCHNITZLER is asked whether after these three and one-half weeks without interrogation away from Nurnberg, he had "any further remarks concerning your statements". His two small supplementations by now must be familiar to Dr. Siemers.

7. We request the Tribunal to reject the offer of the ILGNER affidavit as remote to and unsubstantial in connection with any question of "pressure". The entire affidavit is full of irrelevancies, opinion, and improper conclusions not based on ILGNER's own knowledge, and full of argumentation of points which counsel had other means of making. Moreover, the entire submission is untimely and no good reason is shown why it was not proffered when the defendant was on the witness stand, testifying in general and even about his own interrogations. As to what the defendant von SCHNITZLER was told in interrogations, we do not need ILGNER's conclusions. Copies of the interrogations have been in Dr. von SCHNITZLER's hands since the period of correction by Dr. von SCHNITZLER himself. The records (read before the Tribunal on 2 September 1947 and since in evidence) show von SCHNITZLER was

properly cautioned concerning his oath and the meaning of perjury. One good reason Ordinance No. 1 was not mentioned was because the undersigned (who interrogated von SCHNITZLER) first learned of this Ordinance in the arguments of defense counsel at the start of this trial.

8. The prosecution also requests the Tribunal to reject Dr. Siemers' motion to reconsider its rulings of 28-29 August and 2 September 1947. Apart from the highly erroneous assertions in the grounds of Dr. Siemers ( (a) thru (e) ), Dr. Siemers adds nothing except further pages of old argument. Ground (e) is both incorrect and misleading. (I could scarcely refer von SCHNITZLER to an Ordinance of which I did not know - and the record shows no such reference). Counsel, after being fully advised of his obligations by the Tribunal in August and September 1947, is completely untimely in attempting to adduce further "evidence" after the closing of the evidence in a manner quite beyond any reservations granted by the Tribunal.

9. The reference to two affidavits (no exhibit number is given) executed in 1945 is interesting indeed, partly for what is unsaid. Let us look at them closely.

(a) NI-2712 is PE 1208, a statement signed by three Farben officials, one a defendant who has testified (ILGNER), another an assistant defense counsel (Dr. Bachem), and the third, Dr. von SCHNITZLER. It is easy to see why no timely motion was made as to "pressure" in obtaining this joint statement in 1945. It was an essay submitted by these three gentlemen in August 1945. The defendant ILGNER and Dr. Bachem were "available" throughout the trial proper.

(b) EC-439 is PE 36, also introduced in the IMT Case as USA exhibit 618. No objection was raised to this affidavit before the IMT (Dr. Siemers was a defense counsel) or to its introduction in this case. Quite apart from the untimeliness of raising this matter, the exhibit has been used as a basis for eliciting evidence from witnesses by defense counsel, for example, that von SCHNITZLER

466  
⑧

possibly asked Schacht to include a second government party in addition to the NSDAP in the industrialist "slush" fund for the March 1933 election. If Dr. Siemers, or his assistant Dr. von Keller, wanted to make a good faith objection to this 1945 affidavit, it should have been made on 29 August 1947, when it was offered, or within some reasonable time thereafter.

10. Pursuant to the understanding of the "in chambers" conference of 24 May 1948 on these matters, the prosecution now moves to withdraw prosecution exhibit 2235, the so-called Wolffsohn affidavit. However, if the Tribunal admits in evidence the ILGNER affidavit now offered by Dr. Siemers, the prosecution respectfully suggests that the Tribunal do not strike the first two paragraphs and the first three sentences of paragraph three of PE 2236.

11. If the Tribunal admits any of the affidavits and records of interrogation, etc., offered by Dr. Siemers in his various recent motions, the prosecution reserves the right to request cross exam and to offer evidence on the facts.

The Motion of Dr. Walter Siemers, counsel for the Defendant Georg von Schnitzler, dated 28 May 1948, is sustained in part and overruled in part as follows, to wit:

The affidavit of Dr. Max Ilgner marked von Schnitzler Document No. 225 and admitted in evidence as von Schnitzler Exhibit No. 224 -- that part of the Motion asking the Tribunal to reconsider its ruling based upon the oral Motion of 28 August 1947 (English transcript page 225, German 235) and the Motion of 30 August 1947 (English transcript page 281, German 298) which ruling was announced by the Tribunal on 2 September 1947 (English transcript page 216, German 297) is now overruled by the Tribunal. The Tribunal sees no reason for reversing its said ruling on 2 September 1947.

That part of the Motion asking that the Tribunal strike Prosecution's exhibits 1324, 39, 1259, 1083, 1056, 40, 18, 251, 319, 36, 580, 1208, 1812 and 1813, is now overruled by the Tribunal.

M O T I O N

With reference to the conversation in chambers on May 24th, 1948, between the Tribunal and Mr. Sprecher and myself in the presence of Dr. von Keller and Dr. Mueller, I submit attached affidavit of Dr. Max Jlgner and move: that the affidavit be admitted as Schnitzler Document No. 226, Exhibit N. 224.

At the same time I would ask the Honorable Tribunal, in accordance with my pleadings in open court on April 29, 1948, to review the rulings of the Tribunal of August 28/29 and September 2, 1947.

a) My motion of August 28th, 1947, to prove that Dr. v. Schnitzler was subjected to pressure in 1945 was overruled by the Tribunal on the same day (Transcript p. 225 German, 235 English).

b) My written motion dated August 30th 1947, which I put on record on September 2nd, while at the same time submitting the transcript of the interrogation in Nuernberg of the "witness" Dr. v. Schnitzler by Mr. Sprecher on February 18th, 1947 (exhibit 28, Schnitzler document 26 in document book II) was overruled on September 2nd, 1947. (Motion: p. 281 et seq. of the German, p. 298 et seq. of the English transcript; ruling: p. 297/98 of the German, p. 216/17 of the English transcript.)

*See 6*

(Page 2 of original)

I pray the Tribunal to review these rulings on the following grounds:

a) In the opinion of two of the judges in the Flick case, the affidavit of a defendant, particularly if it purports to be a confession, is inadmissible under American law (cf. excerpt from the transcript of the Flick trial covering the hearing of November 6, 1947; Schnitzler document 200, identification No. 26, in book II.)

b) Both the interrogators in Frankfurt in 1945 and Mr. Sprecher as counsel for the Prosecution in 1947 have induced Dr. v. Schnitzler to incriminate himself. This is a violation of the 5th Amendment to the American Constitution as I have previously pointed out in my motion dated August 28th, 1947 (transcript p. 216/17 of the German, p. 226/28 of the English).

c) Neither in 1945 nor in 1947 was Dr. v. Schnitzler told that he was to become or, in the latter case, that he was a defendant. On the contrary: He was expressly interrogated as a witness, as is proved by the transcripts of the interrogations in 1947 which I have submitted. (cf. Schnitzler exhibit 28 in document book II and Schnitzler exhibit 182 in document book XVII).

d) Both in 1945 and 1947, the defendant v. Schnitzler was denied the aid of counsel. I have proved that this was the case in 1947 (cf. interrogation by Mr. Sprecher on February 18th, 1947, in Schnitzler exhibit 28, document book II, p. 16/17).

e) Dr. v. Schnitzler was improperly referred to the obligation incumbent on every German to testify before Allied representatives, an obligation contained in the Order No. 1 of the American Military Government and in the Proclamation No. 2 of the Allied Control Council, Section 45 (cf. Schnitzler document

Motion for Defendant  
von Schnitzler

201, identification No. 27 in Document Book II) although this obligation does not apply to judicial proceedings and is not binding on a defendant. I have furnished proof that Dr. Strecker in his interrogation pointed out this "Law of the Occupation Powers" to Dr. v. Schnitzler by Schnitzler Exhibit 28 in Document Book II, page 13 and particularly page 17, where Dr. Strecker states that "under occupational law" Schnitzler is obliged, "as a citizen of the occupied country, to cooperate with the occupying authorities".

(Page 3 of original)

In support of my contention that, on this ground alone, the affidavits and transcript of the interrogations of 1947 are not based on voluntary testimony, I refer to the ruling of this Honorable Tribunal of May 24, 1948, concerning the affidavit by Schmitz, contained in an affidavit by the Prosecution Exhibit 384.

f) In support of my contention that pressure was exerted, I further refer to evidence which has heretofore been submitted, viz:

- aa) Transcript of interrogation by Dr. Strecker, Schnitzler Exhibit 28 and 182.
- bb) Affidavit by Frau Lilly v. Schnitzler, Schnitzler Document 27, Identification No. 40 in Document Book II,
- cc) Affidavit by Dr. Gustav Fugger, Schnitzler Document 225, Exhibit 223, Document Book XIII.
- dd) Affidavit by Dr. Max Jilmer, attached to this motion,
- ee) Examination of the witness Haefliger of May 11, 1948, Transcript p. 14293/307 of the English, p. 14631/42 of the German,
- ff) Cross-examination of the witness Wolfsohn (sic) of May 10th, 1948, Transcript p. 14491/522 of the German, p.

468  
10

Motion for defendant  
von Schnitzler

p. 14117/130 of the English.

g) Finally, I would point out that 2 affidavits do not date from 1947 but were executed in 1945, that is: EC-439 dated November 16, 1945, WI 2712 dated August 12, 1945 (Statement).

I pray that the Honorable Tribunal:

review its former rulings and that all the affidavits and transcripts of interrogations submitted by the Prosecution, listed on attached tabulation, be stricken.

Finally I move:

(Page 4 of original)

that the affidavit by Wolffsohn (sic) Prosecution Exhibit 2236, Document WI 15266, in Book 94, be stricken in toto.

Respectfully,

A F F I D A V I T

I, Dr. Max Jilner, at present at Nuernberg in the prison of the Palace of Justice, know that I render myself liable to punishment by executing a false affidavit. I declare in lieu of oath that my testimony is a true statement of the facts and that it was given in order to be submitted as evidence to Military Tribunal VI in the Palace of Justice in Nuernberg.

I was brought to the prison in Nuernberg in March 1947. After my interrogations in Nuernberg had started on March 25, 1947, I met my colleague Dr. Georg v. Schnitzler in the waiting room, to which prisoners confined in Nuernberg are taken, before being conducted to the interrogators, on one of the following days. Schnitzler, who, as I had heard from him, had already endured many interrogations and had, on this day, been called to yet another interrogation, made the impression of a completely broken man. He was in a state of abject depression of the same kind I knew he suffered from in 1945, when both of us were housed in the Freungeshelm penitentiary, while we were being at the same time interrogated in the building Tannusanlage No. 6. It was evident from the brief remarks he made on the occasion of this meeting that, under the impression made on him by the Nuernberg interrogations, v. Schnitzler had again lapsed into a psychosis of self-incrimination. I spontaneously asked myself what kind of pressure Schnitzler could have been subjected to; for there must have been a special reason for his being in a physical and mental state so much worse than he had been in 1946 when I had met him and talked to him in Grensberg.

At that time in March/April 1947, Schnitzler was the only one of all Farben 'Direktors' to be housed in Criminal Wing No. 7, in the wing for so-called criminals proper, where at that

Motion for Defendant  
von Schnitzler

time persons convicted had been segregated and confined. Owing to this special treatment, Schnitzler had no contact with the other gentlemen of Farben. In view of his poor physical condition and his unbalanced state of mind, I fully realized that the sole fact of his receiving special treatment would confirm him in his psychosis that he had been singled out as a victim.

(Page 2 of original)

His mental and physical condition only improved when, in the summer of 1947, Dr. v. Schnitzler was indicted together with the other Farben gentlemen and, now that his interrogations were finished, was treated in the same manner as the others and hence also had contact with the other gentlemen and with his counsel.

Everybody who gets to know Dr. v. Schnitzler or who, like myself, has known him for a long time, knows that, owing to his weak, unbalanced and pliable cast of mind, he is easily influenced and most susceptible if exposed on the one hand to bad treatment, for instance threats, and on the other hand to temptation by subsequent friendly treatment. I can confirm, moreover, that during his interrogations Dr. v. Schnitzler was emphatically told, as he himself told me, that, according to occupational law, he, like any German national, was obliged to make full statements. I also know that during his interrogations, he was neither cautioned that he was to be indicted nor that he could refuse to testify nor that his affidavits could be used against him.

Unter Bezugnahme auf die Unterhaltung des Hohen Gerichtes mit  
Mr. Sprecher und mir in Gegenwart von Dr. v. Keller und Dr. Mueller am 24. Mai  
1948 in Chambers ueberreiche ich hiermit in der Anlage ein Affidavit von  
Dr. Max Jlgner und beantrage:

- das Affidavit als Schnitzler Dokument Nr. 226
- als Beweismittel Exhibit Nr. 224 zuzulassen.

Gleichzeitig bitte ich das Hehe Gericht, entsprechend meinem Ver-  
trage vom 29. April 1948 in open Court, die Entscheidungen des Hohen Gerichtes  
vom 28./29. August und 2. September 1947 zu ueberpruefen.

a. Durch Entscheidung vom 28. August 1947 wurde mein Antrag vom  
gleichen Tage, Beweis fuer den im Jahre 1945 ausgeuebten Druck auf Dr. v.  
Schnitzler zu fuehren, abgewiesen. (Protokoll S. 225 deutsch, 235 englisch).

b. Durch Entscheidung vom 2. September 1947 wurde mein schriftlicher  
Antrag vom 30. August 1947, den ich am 2. September zum Record vertrug, und  
zwar unter Ueberreichung des Protokolls ueber die Vernehmung des "Zeugen"  
Dr. v. Schnitzler durch Mr. Sprecher in Nuernberg vom 18. Februar 1947, das  
jetzt als Beweismittel Exhibit 28, Schnitzler Dokument 26 in Dokumentenbuch II  
verliegt, zurueckgewiesen (Antrag: Prot. S. 281<sup>ff.</sup> deutsch, 298 ff. englisch,  
Entscheidung: Prot. S. 297/98 deutsch, 216/17 englisch).

226

Jch bitte um Ueberpruefung aus folgenden Gruenden:

a. Nach Ansicht zweier Richter im Flick-Prozess ist das Affidavit eines Angeklagten nach amerikanischem Recht ueberhaupt unzuessaig und speziell als Gestaeundnis, siehe Auszug aus dem Sitzungsprotokoll des Flick-Prozesses vom 6. November 1947, Schnitzler Dokument 200, Jdent.-Nr. 26 in Band II.

b. Sowohl die Interrogatoren in Frankfurt im Jahre 1945, als auch Mr. Sprecher als Vertreter der Prosecution im Jahre 1947 haben Dr. v. Schnitzler veranlasst, gegen sich selbst auszusagen. Dies ist ein Verstoess gegen das 5. Amendment zur amerikanischen Verfassung, werauf ich bereits in meinem Antrage vom 28. August 1947 hinweis (Prot. S. 216-17 deutsch, S. 226/28 engl. ).

c. Dr. v. Schnitzler wurde weder 1945, noch 1947 mitgeteilt, dass er Angeklagter ist bzw. werden sell. Im Gegenteil: Er ist ausdruecklich als Zeuge vernommen, wie die von mir vorgelegten Vernehmungsprotokolle aus dem Jahre 1947 beweisen (siehe Schnitzler Exhibit 28 in Dokumentenbuch II und Schnitzler 182 in Dokumentenbuch XIII).

d. Es ist dem Angeklagten v. Schnitzler sowohl 1945, als auch 1947 die Hilfe eines Rechtsbeistandes verweigert worden. Fuer 1947 habe ich dies bewiesen, siehe Vernehmung vom 18. Februar 1947 durch Mr. Sprecher in Schnitzler <sup>Exhibit</sup> Dokument 28, Dokumentenbuch II, Seite 16/17.

e. Dr. v. Schnitzler ist unzuessaigerweise auf die Verpflichtung jedes Deutschen, vor alliierten Vertretern auszusagen, hingewiesen, eine Verpflichtung, die in der Order der amerikanischen Militaerregierung Nr. 1 und der Proklamation des Kontrollrates Nr. 2, Ziffer 45, enthalten ist (siehe Schnitzler Dokument Nr. 201, Jdent.-Nr. 27 in Dokumentenbuch II), obwohl diese Verpflichtung nicht fuer Gerichtsverfahren und gegen einen Angeklagten gilt. Den Beweis, dass Mr. Sprecher in seiner Vernehmung Dr. v. Schnitzler auf dieses "Recht der Besatzungsmachte" hinwies, habe ich bewiesen durch Schnitzler Exhibit 28 in Dokumentenbuch II, Seite 13 und besonders Seite 17, wo Mr. Sprecher verlangt, dass Schnitzler "under occupational law" verpflichtet ist, "as a citizen of the occupied country to cooperate with the occupying authorities".

Dafuer, dass allein schon aus diesem Grunde feststeht, dass die Affidavits und Vernehmungsprotokolle von 1947 nicht auf einer freiwilligen Aussage beruhen, beziehe ich mich auf die Entscheidung dieses Hohen Gerichtes vom 24. Mai 1948 betr. das Affidavit Schmitz, welches in einem Affidavit ter Meer enthalten war, das die Prosecution als Exhibit 334 vorgelegt hat.

f. Ferner beziehe ich mich dafuer, dass ein Druck vorgelegten hat, auf die inzwischen vorgelegten Beweismittel, naemlich:

aa) Vernehmungsprotokoll durch Mr. Sprecher, Schnitzler Exhibit 28 und 182,

bb) Affidavit Frau Lilly v. Schnitzler, Schnitzler Dokument 27, Ident.-Nr. 30 im Dokumentenbuch II,

cc) Affidavit Dr. Gustav Kuepper, Schnitzler Dokument 225, Exhibit 223, Dokumentenbuch XIII,

dd) Affidavit Dr. Max Jigner, welches ich mit diesem Antrage ueberreiche,

ee) Vernehmung des Zeugen Haefliger vom 11. Mai 1948, Protokoll Seite 14631/49 deutsch, S. 14293/307 englisch.

ff) Kreuzverhoer des Zeugen Wolffsohn vom 10. Mai 1948, Protokoll Seite 14491/522 deutsch, S. 14117/150 englisch.

g. Schliesslich weise ich darauf hin, dass 2 Affidavits nicht aus dem Jahre 1947, sondern aus dem Jahre 1945 sind, und zwar: EC-439 vom 16. November 1945, NI 2712 vom 12. August 1945 (Statement).

Jch bitte das Hohe Gericht:

die fruheren Entscheidungen zu ueberpruefen und saemtliche von der Prosecution vorgelegten Affidavits und Vernehmungsprotokolle, die ich im einzelnen in der Anlage aufgezahlt habe, aus dem Beweismaterial zu streichen.

Schliesslich stelle ich noch den Antrag:

ORDER

It appearing to the Tribunal that Dr. Pribilla, counsel for the Defendants Lautenschlaeger and Jaehne is confined to the German Hospital at Furth on account of illness and that said counsel desires to have a conference with his said clients concerning important matters connected with the conclusion of the trial of this cause,

I state:

1. I have no knowledge of a stipulation Dr. Pribilla-Minskoff. My objection is dated 10 May 1948.
2. It seems to me to be a very obvious case of inadmissibility of a document as a rebuttal exhibit: Subsequent submission of an exhibit belonging to the case-in-chief without this being made necessary by the presentation of evidence by the Defense.

OBJECTION

Page 4x 2258

to the offer of Document NI-15294 as rebuttal-evidence.

This document is a part of Volume 124 of the Journal of Hygiene and Infectious Diseases: a publication of the work of Dr. Ding, entitled:

"On the protective action of various typhus vaccines on human beings, and the course of typhus after inoculation."

It concerns the subject referred to in the affidavit of Prof. Fleck offered as rebuttal-document NI-15043, Exhibit 2226.

I make reference to the reasons for my objection to the admission of Document NI-15043, Exhibit 2226.

The high Court did not admit Document NI-15043, Exhibit 2226, as a piece of rebuttal evidence.

At this stage of the trial, the offer of Document NI-15294 now submitted can only be accepted: if the Prosecution thereby wish to refute one of the defendants or a defense witness or a defense document.

Thus far it has not been disputed that such a work was published - on the simple ground that this has never been asserted by the Prosecution in their evidence.

The offer of this document however proves nothing more than that this work of Dr. Ding was published.

It would be irrelevant, however, even in the case in chief, if no reference is made to occurrences which are the object of this trial.

I believe I may save a repetition of the grounds asserted in my objection to Document NI-15043, and pray consideration of the arguments there advanced.

ORDER

The Motion of Dr. Otto Nelte, counsel for the Defendant Heinrich Hoerlein, filed on 1 June 1948, pertaining to Prosecution Document NI-15299, Prosecution Exhibit 2262, is dismissed by the Tribunal for the reason that the same was not submitted until after the evidence in this cause had been closed. The Motion involves the matter of the proper translation of said exhibit and the documents upon which it is predicated. Since the nature of the controversy is apparent on the face of the record, the Tribunal will take said matter of translation into consideration in determining the weight and probative value of said exhibit 2262.

Subject: Case No. 6, Prosecution document NI-15299, Exh. 2262

Document NI-15299 introduced as Rebuttal Exhibit No. 2262 is the affidavit of Herbert Ungar who is employed by the Prosecution. This is a collective report in the form of an affidavit on a great many transport reports which are summarized in the Prosecution Documents NI-15295 and NI-14997.

I object.

1. In the affidavit Ungar it says literally in Fig. 4, paragraph 3:

"Ein Bericht vom 29. Januar 1943 berichtet über den Abtransport von 18 Häftlingen mit Fleckfieber und 2 Häftlingen als "experimentelle" Fleckfieberfälle."

This does not correspond to the original report of 29 January 1943 where it says, in connection with the two inmates marked out for the transport, "Fleckfieber-Versuchsfälle".

Since Mr. Ungar is thoroughly conversant with the German language and is a member of Mr. Minskoff's staff, which means that he must be well aware of the importance of the translation of the word "Versuch", I request this paragraph be stricken on the ground that the word "Fleckfieber-Versuchsfälle" in the German text has been wrongly

taken over with "experimentelle Fleckfieberfälle" and wrongly translated in the English text of the affidavit.

2. I furthermore object that in Fig. 3 of his affidavit Mr. Ungar chooses a text which cannot be regarded as reflecting the original report: having no qualification whatsoever, he added the words "einschl. Experimente" after the word "Fleckfieber" in the list.

I request this supplement be ~~stricken~~.

3. I object to Mr. Ungar having certified his own affidavit NI-15299.

Betrifft: Fall Nr.6, Dokument der Anklage NI-15299, Exhibit 2262

Das als Rebuttal-Exhibit Nr.2262 vorgelegte Dokument NI-15299 ist das Affidavit des Angestellten der Anklage Herbert Ungar. Es ist dies ein Sammel-Bericht in eidesstattlicher Form ueber sehr viele Transport-Berichte, die in den Anklage-Dokumenten NI-15 295 und NI-14 997 zusammengefasst sind.

Ich erhebe Einspruch.

1. In dem Affidavit Ungar Ziffer 4, Absatz 3 heisst es woertlich:  
" Ein Bericht vom 29.Januar 1943 berichtet ueber den Abtransport von 18 Haeftlingen mit Fleckfieber und 2 Haeftlingen als "experimentelle" Fleckfieberfaelle. "

Dies entspricht nicht dem Originalbericht vom 29.Januar 1943, in welchem es " bei zwei zum Transport vorgesehenen Haeftlingen heisst "Fleckfieber-Versuchsfaele".

Da Herr Ungar der deutschen Sprache vollkommen maechtig ist und im Stabe des Herrn Minskoff arbeitet, also auch ueber die Bedeutung der Uebersetzung des Wortes " Versuch " orientiert sein muss, beantrage ich die Streichung dieses Absatzes, weil das Wort "Fleckfieber-Versuchsfaele" im deutschen Text mit "experimentelle Fleckfieberfaelle" falsch uebernommen ist und im englischen Text des Affidavits unrichtig uebersetzt ist.

2. Ich beanstande ferner, dass Herr Ungar unter Ziffer 3 seines Affidavits einen Text waehlt, der nicht als Wiedergabe der Original-Berichte anzusehen ist: er hat in der Aufstellung hinter dem Wort "Fleckfieber" ohne jede sachliche Berechtigung die Worte " einschl.Experimente " beigefuegt.

bl.2

Ich bitte, diesen Zusatz zu streichen.

3. Ich beanstande, dass Herr Ungar sein eigenes Affidavit NI-15 299  
beglaubigt hat.

~~Re:~~ Request for Leave for Dr. Heinrich Gattineau to Wuppertal - Elberfeld

Mr. President:

The undersigned takes the liberty to submit to the Honorable Tribunal an application for a five day's leave from prison on his word of honor.

My reasons are the following:

According to medical opinion ~~ix~~ the condition of my father-in-law, Ludwig Fritzsche is hopeless. As the medical certificate which was submitted some time ago shows a sudden death must be expected at any time. A telegram which arrived now shows that an additional complication has set in.

It is absolutely imperative for me to talk to my father-in-law before he dies, because my own and my family's fate depend from the existence of his family enterprise. Lately some unforeseen but very important decisions have become necessary which are in connection with the imminent currency reform. My father-in-law is no longer in a position to make these decisions alone and without my help.

Should it not be possible to grant me this leave on my word of honor I take the liberty to ask you - in view of the housing difficulties - to have but one guard accompany me.

Yours respectfully,

Sehr geehrter Herr Praesident!

Der Unterzeichnete erlaubt sich dem Hohen Gericht  
einen Antrag fuer einen 5 taegigen Urlaub auf Ehrenwort zu

Den Antrag begruende ich wie folgt:

Der Zustand meines Schwiegervaters Ludwig Fritzsche  
ist nach dem Urteil der Aerzte hoffnungslos. Wiesich schon aus  
dem seinerzeit vorgelegten Attest ergibt, muss jederzeit mit  
einem ploetzlichen Ableben gerechnet werden. Aus dem jetzt ein-  
getroffenen Telegramm ergibt sich, dass eine weitere Komplikation  
eingetreten ist. Es ist fuer mich unbedingt notwendig, meinen  
Schwiegervater vor seinem Ableben noch einmal zu sprechen, da  
das Schicksal meiner und seiner Familie von der Existenz seines  
Familienunternehmens abhaengt. Neuerdings sind unvorhergesehere  
sehr wichtige Entscheidungen notwendig geworden, wobei auch die  
bevorstehende Waehrungsreform eine Rolle spielt. Mein Schwieger-  
vater ist nicht mehr in der Lage diese Entscheidungen allein  
ohne meine Unterstuetzung zu treffen.

Sollte es nicht moeglich sein mir den Urlaub auf  
Ehrenwort zu gewaehren, so erlaube ich mir im Hinblick auf die  
Unterbringungsschwierigkeiten darum zu bitten, dass mir nur ein  
Posten zur Begleitung mitgegeben wird.

To the

Military Tribunal Nr. VI

N u e r n b e r g .

Mr. President,

I refer to the discussion granted to me on June 12, 1948, and take the liberty to establish once more, for which reasons I ask for an eight days leave on behalf of my client, Dr. Hans KUGLER;

My client is legally obliged to support five members of his family. His property has been invested in shares which - as far as we are concerned with I.G.-shares - cannot be sold; the other shares are in a collective depot of a deposit bank and are blocked for a long time by reason of the circumstances prevailing now in Germany. The family therefore was forced to sell substantial values like carpets and furniture, in order to keep alive. In addition to this I treated several property and tax questions of my client in a dilatory manner, which however are to be arranged now, especially concerning extracharges of taxes on the part of the finance office of Frankfurt, clarification of a hypothecary claim of my client and life insurance premiums.

The family of my client is now living in a single room of its former lodgment and my client must take all measures to improve its conditions of life.

The whole situation requires urgently that my client be given the

date 6

③

possibility to discuss with his family the measures to be taken and -with my help as a lawyer- to take the steps which are necessary in order to safeguard his existence.

For all these reasons I ask for my client for an eight days leave on parole to Frankfurt, unless the Tribunal in view of the special conditions in Germany ( trip difficulties, depletion of the German offices etc.) agree to grant him a longer leave.

Since my client is a well-known man in Frankfurt and since I shall be there in order to help him in arranging his affairs, I ask to dispense with an escort.

ORDER

The Order heretofore issued on 22 June 1948 granting leave to the Defendant Paul Haeffliger to be released from prison on his honor and without a guard for four days, and the Order issued same date, granting leave to the Defendant Hans Kugler to be likewise released from prison on his honor and without a guard for a period of eight days, and directing the proper administrative agencies to provide said defendants with travel orders are now modified as follows, to-wit:

Each of the defendants, Paul Haeffliger and Hans Kugler, are granted leave to be released from prison on their honor and without a guard for a period of eight days to begin at such time as they may elect.

It having been made to appear to the Tribunal that transportation facilities are available for said defendants, the administrative agencies are relieved from the duty of providing said defendants with travel orders.

Said defendants during said period of leave are committed to the custody of Dr. Rupprecht Storkebaum who has represented to the Tribunal that he will be personally responsible for the return of said defendants and that he will see that they are provided with transportation facilities during the period of their said leave.

This Order supplants said Orders of 22 June 1948.

I herewith request respectfully that the defendant Georg v. Schnitzler be given a leave on parole to Frankfurt/Main for some days for taking care of inheritance matters.

On 27 March 1948 the defendant's mother died at Godesberg near Bonn. She has appointed her children and a part of her grandchildren her heirs. In order to arrange these inheritance matters, discussions between the heirs themselves, with authorities and other persons are necessary. For technical and personal reasons, these discussions cannot take place at Muenberg.

According to a telegram just received, a daughter of the defendant, who is married in Spain, unexpectedly arrived at Frankfurt. The permit of residence in Germany of this daughter expires on Tuesday, 29 June 1948.

I therefore request that the defendant, if possible, be given leave on parole for this weekend.

ORDER

On 26 June 1948, the Tribunal entered an Order granting the Defendant GEORG VON SCHNITZLER temporary leave to go to Frankfurt/Main on his promise to return to the prison on or before Thursday, 1 July 1948. Said Order was filed in the Office of the Secretary General on 28 June 1948.

It now appears to the Tribunal that the leave granted to said Defendant has been cut short by reason of delay in releasing him from the prison, for which he is not responsible.

It is therefore ordered that the aforesaid Order of 26 June 1948 is hereby amended so as to grant said Defendant leave on condition that he return to the prison on or before Sunday, 4 July 1948; otherwise the Order of 26 June 1948 remains in full force and effect.

-----

I refer to the discussion of Herr Dr.von ROSPATT with  
President SHAKE concerning leave on parol of the defendant  
Dr.KRAUCH for ca. one week and base my request on the following  
facts:

The currency reform has caused great difficulties and troubles  
in the family of Dr.KRAUCH, as three of his five children are still  
pupils or students, one son is prisoner of war and the fifth is  
ill. Also the farm pf Dr.KRAUCH is effected by the new legal  
prescriptions, which makes the presence of Dr.KRAUCH at Heidelberg  
and on his farm Falkenhof near Beerfelden/Odenwald urgently  
necessary.

In addition to this, the medical examination of Dr.KRAUCH by  
Prof.JAHN, City Hospital at Nuernberg, has shown that a longer stay  
of Dr.KRAUCH in the Prison Hospital will be necessary. It seems  
therefore expedient that Dr.KRAUCH be granted leave on parol  
before the beginning of the medical treatment in the Prison  
Hospital.

The defendants HAEFLIGER and KUGLER will return on Saturday,  
3 July, so that I respectfully request to grant the leave on parol  
of Dr.KRAUCH on Tuesday, 6 July.

See 6

I am ready to accompany Dr.KRAUCH in my own car and to take over the responsibility for him. With regard to the fact that my business affairs do not allow me to bring Dr.KRAUCH back on Monday, I ask for the approval of the Tribunal that Dr.KRAUCH returns on Tuesday, 13 July 1948.

Nuernberg, 5 July 1948

To Military Tribunal VI,  
attention President Shake

Dear Sir:

After the request for leave on parole for the defendant Jachne has been refused, on Monday, 5 July 1948 I had the opportunity of speaking in detail to Mrs. Jachne, and in view of the following reasons I take the liberty, in representation of the absent defense counsel of Mr. Jachne, to submit to you a new request for leave on parole and I ask respectfully to give it your favorable attention.

As I told you on Saturday, 3 July 1948, Mrs. Jachne is of Austrian nationality; under great difficulties and quite unexpectedly she was granted the permission for a trip to Germany. It cannot be expected that such a permission will be granted her once more and therefore Mrs. Jachne is obliged to take all the measures necessary to safeguard the existence of her family before 15 July 1948, on which date her stay permit for Germany expires. The present situation of Mrs. Jachne in Austria is such that in spite of her Austrian nationality she seriously considers the transfer of her residence to Germany, since the whole property has been lost and she as wife of a war criminal accused at Nuernberg suffers a similar treatment as the Jews under Hitler. Mrs. Jachne got married in 1944 and, because of the war events, she was only together with her husband for a fortnight. Since the property of Mr. Jachne has been lost also and his house has been destroyed by bombs, Mrs. Jachne intends to use her stay in Germany in order to inquire, if the brother of Mr. Jachne has the possibility to house herself, her child and, later on, her

489

husband. This brother is living at Gravenbroich and Mrs. Jaehne is not personally acquainted with him. It seems therefore necessary for Mr. Jaehne to discuss with his wife all these matters on the spot, referring especially to residence and the possibility of an occupation of his wife and, later on, of himself. It depends on the solution of these problems whether Mrs. Jaehne can move to Germany or whether she must remain in Austria, what under the circumstances prevailing there, would probably lead to a divorce, in order to at least save the mere existence of Mrs. Jaehne and her child in Austria.

I confirm the correctness of the above mentioned facts in my capacity of administrative defense counsel and I ask the Tribunal to examine once more Jaehne's request for leave on parole. I may add that Gravenbroich is situated near Cologne and that Mr. Jaehne's brother is mayor of that town, so that in view of his official functions and position a special escort and guard for the defendant Jaehne for the duration of his leave might be dispensed with.

I remain, dear Sir,  
very respectfully

yours  
A. W. Müller

Re: request for leave on parole.

Your honour!

I herewith request that my client Dr. Heinrich Buetefisch be granted leave on parole from about July 16. for one week.

The reasons are the following: The currency reform gives rise to a number of questions, which I cannot settle for him, but which Dr. Buetefisch can only settle himself at Hannover and Frankfurt. Above all my client has to prepare the transfer of his family ( wife and 2 daughters ) who are still living in the Russian zone at Leuna near Merseburg, to Western Germany. The steps to be taken for this purpose are very complicated. It is impossible for me to make decisions in matters connected with these questions and therefore I request to take into consideration these extraordinary circumstances and to comply with my demand.

Yours respectfully

Subj.: Leave on parole for the defendant Dr. Duerrfeld.

I herewith request that my client, defendant in case VI, Dr. Walther Duerrfeld be granted leave on parole in order to go home to Helmstedt near Braunschweig.

My client has four children going to school, his wife is without income whatever. The currency reform gives rise to a lot of problems concerning the maintaining of his wife and children, the further attendance of his children at the school resp. their choice of a profession. All those questions can be settled only at home. The leave asked for therefore seems urgently necessary.

As my client and his family are without any means, I should be very much obliged if Dr. Duerrfeld would be granted a travel-order.

Respectfully

To: Military Tribunal VI

For the following reasons I request the Tribunal that the defendant Mann be granted leave on parole from July 13 to 20 for going to Tiefenbach near Oberstdorf (US-Zone), his residence.

The defendant Mann was divorced from his wife in 1944. In spite of this divorce Mrs. Mann, up to now, has taken care of his former husband in the most sacrificing manner and there is a good prospect that the former married people will reconcile themselves and get married again, a solution which would be extremely favorable for the sake of the three children. The defendant Mann therefore will take on the spot all the measures necessary to settle the financial questions connected with his house at Tiefenbach and above all to have his house released, which could offer shelter to his wife.

According to a recently received notice there is danger that the commissioner for refugee questions at Binswangen near Augsburg will confiscate the furniture stored there; Mr. Mann intends to take all necessary steps in order to safeguard this furniture for his wife. The unexpected return of his son-in-law from captivity to Tiefenbach would further enable Mr. Mann to discuss a number of financial and personal questions connected with the intended marriage and reestablishment of a household.

For all these reasons I take the liberty to ask for leave on parole for the time mentioned above. I assume the responsibility for a punctual return of the defendant, and if the Tribunal deems it necessary, I shall accompany him to Tiefenbach or my assistant will do so.

I herewith request that the defendant Dr. Christian Schneider be granted leave on parole for one week to Rosenthal (district Frankenberg, Hesse). The reasons are the following:

2 sons and a daughter of the defendant Schneider are still in vocational training. Furthermore some weeks ago the Military Government paid a sum to Dr. Schneider for his evacuation into the US-zone. With regard to the amount (far over 100 000 RM) and the currency reform a discussion of Dr. Schneider with his wife, his bank at Rosenthal and the financial agencies as well as the insurance company seems to be indispensable and cannot be postponed. Therefore I think the reasons above justify my request for leave on parole.

Case VI, USA vs. Krauch et al (IG-Farben)

Subject: Correction of the Prosecution's Closing Brief

In paragraph 107, page 43, part IV of the Prosecution's Closing Brief in Case VI there is a passage saying that "there was a small percentage of skilled workers among the inmates, naturally there was a larger percentage doing dirty work." (Tr. 11771).

The English transcript is actually worded in this way. According to the German transcript, the defendant Dürrfeld said the following (page 11984): "Infolgedes-  
sen waren natürlich die Häftlinge mit einem höheren  
Prozentsatz bei Hilfsarbeiten beschäftigt, als andere."  
("Consequently, there was, of course, a larger percentage  
of the inmates doing auxiliary work, than the others".)  
This version is correct according to the defendants's  
recollection and the whole connection of the answer.

Since "auxiliary work" should probably be the correct  
translation for "Hilfsarbeit" and the other translation  
apparently is a confusing mistake, I would be grateful  
if you would correct, change or strike the above  
mentioned passage of your closing brief.

I am sending copy of this letter to the Tribunal,  
attention of the presiding judge.

Herrn E.W. Minskoff

Betr.: Berichtigung des Schluss-Schriftsatzes der Anklage-  
Behoerde.

Im Schluss-Schriftsatz der Anklage-Behoerde im Fall VI  
befindet sich Teil IV, Seite 43, Ziffer 107, eine Stelle,  
in der gesagt wird, dass "there was a small percentage  
of skilled workers among the inmates, naturally there was  
a larger percentage doing dirty work." (Tr.11771).

Das englische Transkript hat tatsaechlich diesen Wortlaut.  
Der Angeklagte Duerrfeld hat nach dem deutschen Protokoll  
(Seite 11984) folgendes gesagt: "Infolgedessen waren natuer-  
lich die Haeftlinge mit einem hoeheren Prozentsatz bei  
Hilfsarbeiten beschaeftigt, als andere." Diese Fassung ist  
nach der Erinnerung des Angeklagten und nach dem ganzen  
Zusammenhang der Antwort die richtige.

Da "Hilfsarbeit" zutreffend wohl mit "auxiliary work" ueber-  
setzt werden muesste und es sich hier offenbar um einen  
sinnentstellenden Uebersetzungsfehler handelt, waere ich  
Ihnen dankbar, wenn Sie die betreffende, obenangefuehrte  
Stelle Ihres Schluss-Schriftsatzes verbessern, aendern,  
oder streichen wuerden.

Durchschlag dieses Schreibens uebersende ich dem Gericht  
zu Haenden des Herrn Praesidenten.

Your Honour!

You remember that the undersigned spoke with your Honour about a permit for some days recess for Otto Ambros. I understand Your Honour that this was possible by some conditions.

I am now informed that Dr. Kugler, Dr. v. Schnitzler and Dr. Häfliger come back this week. Then Dr. Krauch leaves the prison.

If Your Honour find this true, I beg for Otto Ambros a permit for 8 days recess to Ludwigshafen / Rhine / French Zone. I will accompany Otto Ambros and by my word of honour ~~the~~ comes back.

The travel seems me to be necessary by very heavy difficulties which followed by long during absence of Ambros from home and the new "Währungsreform".

The little daughter of Otto Ambros which Otto Ambros wanted to see as Your Honour perhaps remember but could not by post commander's order left now Germany and went abroad.

If Your Honour grant this motion, I beg that the beginning of the travel will be the July 6<sup>th</sup> 1948.

Sincerely

Karl Hoffmann

Against

KRAUCH and Others (Case VI)

JOINT MOTION TO CORRECT THE TRANSLATION OF ONE SENTENCE  
IN PROSECUTION EXHIBIT 1497 (NL-838).

TO: The Secretary General, Military Tribunals (Room 281)

1. Prosecution exhibit 1497 (NL-838) contains at the top of page 2 of the original the following sentence in German: "Die Verpflegung und Behandlung dieser Sorte von Menschen ist zweckentsprechend". This sentence was translated "The diet and treatment of this sort of people is in accordance with our aim". This translation is quoted in the excerpt of this document set forth in the prosecution's final trial brief, Part IV, p. 59. The defense would translate this sentence "The diet and treatment of this sort of people is expedient". Although the prosecution will not agree to this translation, it will agree to the literal translation of the word "zweckentsprechend" as "answering" or "serving the purpose" as found in the dictionary, and substituting this word or phrase for the words "in accordance with our aim". This is agreeable to the defense.

SUBJECT: Physical Condition of Defendant Krauch  
TO: The Military Tribunal

The patient was examined by Professor Dr. Jahn at the Nurnberg City Hospital on 24 June 1948. He was found to have an otosclerosis especially marked in the left ear, which accounts for his progressive loss of hearing.

It is suggested that he be sent to the Prison Hospital for a period of four to six weeks for active treatment of this condition. He will be able to remain in the Prison until after the Judgement in his case and then be transfered to the Hospital.

MAURICE DE VINNA  
ASSISTANT SECRETARY GENERAL

ADDITIONAL MOTIONS filed after end of Case : Request of Defendant  
Duerrfeld for correction of Judgment, 2 Aug 48; Reply of Judge Morris, 5 Aug 48

Nurnberg, 5 August 1948

Dr. Alfred Seidl  
Attorney at Law  
Nurnberg

Dear Dr. Seidl:

Your communication of 2 August filed with the Secretary General in which you seek correction of the judgment in Case No. 6 has been brought to my attention.

The majority of the Tribunal has left Nurnberg. The case is closed. The Tribunal is therefore unable to give its attention to your request.

I wish to make this personal comment: The time credited on the sentence of Walter Duerrfeld because of his incarceration prior to the rendition of judgment was determined by stipulation between counsel for the prosecution and counsel for the defense and filed with the Secretary General on or about 13 May 1948, after being approved by the Presiding Judge. It is upon this stipulation that the time to be credited on Duerrfeld's sentence was calculated. That is the only evidence that was before the Tribunal upon that point. The judgment is therefore correct according to the evidence shown by the record.

I might say further that the prison record here in Nurnberg also indicates the correctness of the stipulation and the determination of the Tribunal. It therefore appears from the record as it stands at the present time that there is no error in the judgment.

Very truly yours,

*James Morris*

Subject: Correction of the Judgment in Case No. VI,  
United States of America against Krauch and  
others before Military Tribunal VI concerning  
the defendant Dr. Walter Dürfeld.

On page 13 of the above-mentioned verdict and in the  
"formal judgment and sentences", page 181, the time  
my client already spent in confinement has been stated  
with: from June 9 till June 17, 1945 and from November  
5, 1945 up to now.

Dr. Dürfeld was arrested in Leuna on June 9, 1945;  
thereafter he passed through various prisons and camps.  
At about the middle of June 1945 he was sent to the  
Ziegenhain camp near Kassel where he remained till the  
beginning of <sup>November</sup> 1945. On November 5, 1945, he was transferred  
to the camp Zuffenhausen near Stuttgart. The 4 1/2 months  
spent in the Ziegenhain camp have therefore not been taken  
into account when calculating the time already spent in  
confinement.

I therefore request the personal data and the time of  
confinement for which my client will receive credit be  
corrected in the above mentioned judgment on page 13 and  
181 so as to read that he was in confinement uninter-  
ruptedly from June 9, 1945 till today.

ORDER

A motion was, on 12 August 1948, filed with the Secretary General on behalf of Defendants ter Meer, Ambros, Bueteffisch and Duerrfeld in Case VI praying that a joint session of Military Tribunals be convened to determine that the period of time allowed for the purpose of filing appeals and clemency pleas start only from the day on which the dissenting opinion of Judge Hebert relative to Count III in Case VI be made available to them.

The Military Tribunals now sitting at Nurnberg to wit, Tribunals IV and V, having this day convened for the purpose of considering said motion finds that said motion is not predicated upon the making of any alleged inconsistent or conflicting interlocutory or final rulings of any of the Military Tribunals.

The only authority to convene a joint session of the Military Tribunals for the consideration of rulings is contained in Military Government Ordinance No. 11 which provides that joint sessions may be called to review interlocutory or final rulings which are in conflict with or not consistent with prior rulings of these Tribunals.

Since the motion does not contain the necessary grounds for convening a joint session of the Tribunals and no such grounds appearing to exist, IT IS ORDERED that said motion be, and the same is hereby, denied.

M o t i o n

for a Joint Session of the Military Tribunals.

On August 2, 1948, Justizrat Dr. Dix on behalf of counsel for the convicted defendants in Case VI filed a motion with the Presiding Judge of the Nurnberg Military Tribunals, requesting that the period of time allotted for the filing of the petitions with the Military Governor start only after the dissenting opinion of Judge Hebert has been made available.

The Defense received a communication from the Secretary General, dated August 12, 1948, to the effect that the motion of August 2, 1948, has been denied by the Presiding Judge.

Protesting against this negative decision which was reached through administrative channels, the undersigned defense counsel appeal to the decision of the Joint Military Tribunals and request to determine that the period of time allotted for the purpose of filing appeals and clemency pleas starts only from the day on which the dissenting opinion of Judge Hebert on count III has been made available.

S u b s t a n t i a t i o n

As regards count III of the indictment (crimes against humanity), Judge Hebert expressed a dissenting opinion

and reserved himself the right to substantiate said opinion (page 15827 of the English transcript).

The dissenting opinion set forth by him provides for a much larger responsibility of the defendants with respect to count III. According to the dissenting opinion expressed by him, it is also to be assumed that in his substantiation he will concern himself with occurrences which the Tribunal itself did not consider either decisive or punishable in its judgment.

The undersigned counsel for the defendants who, as members of the Vorstand or IG employes, were convicted on count 3, dispose only of the announced period of time to file possible appeals or clemency pleas. Within these time limits, they cannot comment upon the dissenting opinion of Judge Hebert whose substantiation is not known to them yet. It seems, however, to be a factor of decisive importance that the dissenting opinion of Judge Hebert can be refuted by arguments of the Defense in an appeal or a clemency plea. Unless this be possible, the defendants would in this respect be unprotected and the possibility of appeal or clemency would thereby not be secured in a fair manner; for, it is to be assumed that Judge Hebert's dissenting opinion will have a material influence on a decision. For these reasons, the Defense cannot be expected to complete an appeal or clemency plea without the dissenting opinion of Judge Hebert having been made known to them.

It is therefore requested the Joint Military Tribunals rule that the period of time allotted to file appeals and clemency pleas in behalf of the defendants

represented by undersigned counsel starts running only from the date on which a German translation of the substantiation of Judge Hebert's dissenting opinion has been made available to them.

Motion

for Joint Session of the Military Tribunals.

Justizrat Dr. Dix hat am 2. Aug. 1948 im Namen der Verteidigung der verurteilten Angeklagten <sup>im Fall V</sup> schriftlich bei dem Presiding Judge der Militaergerichte in Nuernberg beantragt, zu entscheiden, dass die Frist zur Einreichung der Gesuche an den Militaergouverneur erst ab Zustellung der Dissenting Opinion von Richter Hebert beginnt.

Der Verteidigung ging eine Mitteilung des Generalsekretars vom 12. Aug. 1948 zu, dass die Motion vom 2. Aug. 1948 durch den Presiding Judge abgelehnt worden sei.

Gegen diese ablehnende Entscheidung, die im Verwaltungsweg erfolgte, rufen die unterzeichneten Verteidiger die Entscheidung der Vereinigten Militaer-Tribunale an und bitten festzustellen, dass die Frist zur Abgabe von Rechtsmitteln und Gnadengesuchen erst von dem Zeitpunkt ab beginnt, an dem ihnen die abweichende Stellungnahme des Richters Hebert ueber den Anklagepunkt III zugestellt worden ist.

B e g r u e n d u n g .

Richter Hebert hat zu Punkt 3 der Anklage (Vergehen gegen die Menschlichkeit) eine abweichende Meinung geäußert und sich vorbehalten, diese abweichende Meinung zu begründen. (E.P.S. 15827).

Die von ihm vorgebrachte abweichende Meinung sieht eine viel stärkere Verantwortung der Angeklagten zu Punkt 3 vor. Es ist auch nach der von ihm zur Urteilsbegründung geäußerten abweichenden Meinung anzunehmen, dass er sich in seinen Gründen mit Vorfällen beschäftigt, die der Gerichtshof selbst in seiner Urteilsfindung nicht als entscheidend oder strafbar angesehen hat.

Den unterzeichneten Verteidigern der Angeklagten, die als Mitglieder des Vorstandes oder als Angestellte der I.G. nach Punkt 3 verurteilt worden sind, steht nur die *bekanntgegebene* Frist zur Einreichung eventueller Rechtsmittel oder Gnadenmittel zur Verfügung. Sie können innerhalb dieser Frist nicht zu der abweichenden Meinung des Richters Hebert Stellung nehmen, dessen Begründung ihnen nicht bekannt ist. Es scheint aber ein ausschlaggebender Faktor zu sein, dass bei einem Rechtsmittel oder einem Gnadengesuch die abweichende Begründung des Richters Hebert durch Argumente der Verteidigung entkräftet werden kann. Ohne diese Möglichkeit wären die Angeklagten in dieser Hinsicht schutzlos und es wäre ihnen damit ein Rechtsmittel oder Gnadenverfahren nicht in fairer Weise gesichert, denn es ist anzunehmen, dass die abweichende Meinung des Richters Hebert einen wesentlichen Einfluss auf eine Entscheidung haben wird. Es kann der Verteidigung aus diesen Gründen nicht zugemutet werden, ein Rechtsmittel oder Gnadengesuch vorher fertigzustellen, bevor ihr nicht die abweichende Begründung des Richters Hebert bekanntgegeben ist.

Es wird deshalb b e a n t r a g t , dass die Vereinigten

Militär-Tribunale entscheiden, dass die Frist zur Einreichung von Rechtsmitteln oder Gnadengesuchen für die durch die unterzeichneten Verteidiger vertretenen Angeklagten erst läuft von dem Zeitpunkt an, an dem ihnen die abweichende Begründung des Richters Hebert mitgeteilt wurde.
